

# TOMORROW'S LEADERS FOR SUSTAINABILITY

TLfS students from Elwood Secondary College

## TLfS MEMBERSHIP RENEWAL

The Tomorrow's Leaders for Sustainability Program aims to help young people understand and appreciate the key principles and issues of sustainability, while also gaining the knowledge and skills to become leaders in their chosen career.

The objective is to help young people understand the world around them, while also developing the ability to think for themselves, communicate their thoughts and feelings, act on their own beliefs and help others act in an ethical and socially responsible way.

2009 was a great year for TLfS and we have achieved the following:

- Trained a total of 65 educators and teachers from 33 schools and 13 community groups in the TLfS program
- Conducted a highly successful student leadership Forum in the Wimmera
- Supported schools in our TLfS Learning Networks
- Continued development of all educational materials and resources
- Compiled evaluation data from all TLfS workshops and school programs to monitor the TLfS content and delivery
- Engaged a leading researcher to evaluate the TLfS Wimmera forum

A full report is available upon request.

**I think Tomorrow's Leaders for Sustainability is one of the most enjoyable programs that I have been involved in. Throughout this project, I have learnt to work in a team, respect others' opinions and be confident in myself. (Year 9 student)**

## TLfS in 2010

This year promises to be another big year for the TLfS organisation and we plan to expand the programs and services available to new and participating schools.

This year we are offering the following:

### 1. Training Programs

- Introduction to TLfS for teachers and educators
- Years 11&12 Advanced Leadership
- Leadership Training for Community Leaders

### 2. Events

- Sustainability Youth Forums
- Youth Leadership for Sustainability Conference
- 1 / 2 / 3 Day Forums

### 3. Consultancy

- TLfS School Programs Consultancy
- Whole of School Strategic Planning in Youth Leadership for Sustainability

We encourage all participating schools to continue their involvement in the TLfS program and to renew their annual membership and license fee. **The cost of the TLfS annual membership / license fee is \$195.** This gives each member school the following benefits:

- 10% discount on all TLfS Training Programs
- 10% discount on all TLfS materials
- 4 hours of free consultancy from TLfS staff
- Access to the TLfS Members' site with new information and resources
- Access to a growing database of project ideas and work placements opportunities
- The new TLfS Learning Network Manual

For more information about our new programs and their cost, please contact:
