

Cooking with Horsham West P.S

At the start of the term we had to choose what we wanted to do for of project. As both of us liked cooking we decided to cook with the West school. We found it hard at the start to decide how many kids, where we could cook, what we could cook and how we are going to pay for the food. After a long discussion with Horsham West we decided we would have , seven kids, we cooked in the staff room at Horsham West P.S also we decided to cook quick and easy food also thanks to Wimmera Design and Print who sponsored us to pay for the food we also made them cook books with the recipes to keep. Each week we would go down to west gather the kids hand out their recipe book so they could follow what we are doing and start to cook.

At the end of each session the kids would open their recipe books to a work sheet page, in the page we put a word find and a couple of questions we also had stuff like did you like the food? What do you want to cook next week?

After each session we would go back to school and correct their work books we also made a list of what they would like to make, if they liked the food and if they enjoyed doing it.

At the end of all the sessions we figured that most of the kids enjoyed their time with us we also got feedback from their parents saying how much their child enjoyed cooking with us and they were so happy they got the recipes to take home so they can cook it with their family.

Whilst cooking with the kids we did have a bit of trouble like the kids were always aloud' when we were making scones flour went everywhere, when we wanted to cook hot food there was only one oven, We enjoyed cooking with the West kids and would do it again some time.
